I. RULES APPLICABLE TO BUDGET CATEGORIES BASED ON UNIT CONTRIBUTIONS

I.1 Conditions for eligibility of unit contributions

Where the grant takes the form of a unit contribution, the number of units must comply with the following conditions:

- the units must be actually used or produced in the period set out in Article I.2.2 of the Special Conditions;
- the units must be necessary for implementing the Project or produced by it;
- the number of units must be identifiable and verifiable, in particular supported by records and documentation specified in this Annex.

I.2 Calculation and supporting documents for unit contributions

for Volunteering Projects

A. Travel

Travel costs of participants from their place of origin to the venue of the activity and return.

By default, the place of origin is understood as the place of residence of the participant and the place of the venue as the place where the host organisation is located. If a different place of origin or venue is reported, the beneficiary must provide the reason for this difference.

In case no travel took place or it was funded from other EU sources than the European Solidarity Corps Programme (e.g. a participant is already at the place of the venue in relation to another activity than the one funded from the Agreement), the beneficiary must report that situation accordingly in the European Solidarity reporting and management tool for each mobility concerned. In this case, no grant support for travel will be awarded.

- (a) Calculation of the grant amount for travel costs: the grant amount is calculated by multiplying the number of participants, including accompanying persons per distance band, by the unit contribution applicable to the distance band concerned and type of travel (standard or green), as specified in Annex IV of the Agreement.

The unit contribution per distance band represents the grant amount for a return travel between the place of departure and the place of arrival. In case of green travel modes (train, bus, shared car, boat), the green travel unit contributions apply, otherwise the standard travel unit contributions apply.

For the establishment of the distance band applicable, the beneficiary must indicate the distance of a one-way travel using the on-line distance calculator available on the Commission's website at:

http://ec.europa.eu/programmes/erasmus-plus/tools/distance_en.htm.

The beneficiary will calculate in the European Solidarity Corps reporting and management tool the grant amounts for travel based on the applicable unit contribution rates.

- (b) Triggering event: the event that conditions the entitlement to the grant is that the participant has actually undertaken the activity.
- (c) Supporting documents

Proof of attendance of the activity in the form of a declaration signed by the participant and by the /host organisation specifying: the name of the participant, the purpose of the activity, the venue, starting and end dates.

In addition, in case of use of sustainable means of transport (green travel): a declaration on honour signed by the person receiving the travel grant and the sending organisation will serve as supporting documentation. Participants should be informed of their duty to keep the proof of travel (transport tickets) and to provide it to the beneficiary, if requested.

- (d) Reporting: The beneficiary must report in the European Solidarity Corps reporting and management tool on all activities realised under the project.

B. Pocket Money

- (a) Calculation of the grant amount: the grant amount is calculated by multiplying the number of days per participant by the unit contribution applicable per day for the host country concerned, as specified in Annex IV of the Agreement. The calculation may include one travel day before the activity and one travel day following the activity (if relevant), and up to four additional days for participants receiving a green travel grant. The calculation must exclude accompanying persons.

- In case of an interruption during the stay, the period of the interruption will not be counted when calculating the pocket money. In case of interruption due to "force majeure", the participant may be allowed to continue the activities after the interruption (if possible within the conditions established in this Agreement).
 - In case of termination by the participant of the agreement with the beneficiary due to "force majeure", the participant must be entitled to receive the amount of the grant corresponding at least to the actual duration of the activity period. Any remaining funds must be refunded to the beneficiary, except if agreed differently by both parties.
- (b) Triggering event: the event that conditions the entitlement to the grant is that the participant has actually undertaken the activity for the specified period.
- (c) Supporting documents:
- Proof of attendance of the activity in the form of a declaration signed by the participant and by the host organisation, specifying: the name of the participant, the purpose of the activity, the venue, starting and end dates.
- (d) Reporting:
- Participants must provide their feedback in terms of factual information and their appreciation of the activity period, its preparation and follow-up. The participants must use the standard on-line questionnaire provided by the European Commission (the participant report) when submitting their feedback.
 - The beneficiary must report in the European Solidarity Corps reporting and management tool on all activities realised under the project.
 - If the duration of an activity is longer than the one indicated in the agreement with the participant, the beneficiary must amend the agreement to take into account the longer duration, provided that the remaining grant amount allows it. In such case, the beneficiary must indicate in the European Solidarity Corps reporting and management tool the new start date and the end date in line with the approved amendment.

C1. Management Costs

- (a) Calculation of the grant amount: The grant amount is calculated by multiplying the number of activities for volunteering teams and/or the number of participants

in individual volunteering activities, excluding accompanying persons, by the unit contributions applicable and capped, as specified in Annex IV of the Agreement.

- (b) Triggering event: the event that conditions the entitlement to the grant is that the beneficiary implements the project activities as applied for in the grant application and as approved by the National Agency.

The calculation may include accompanying persons.

The participants must use the standard on-line questionnaire provided by the European Commission (the participant report) when submitting their feedback

D. Inclusion support

- (a) Calculation of the grant amount: the grant amount is calculated by multiplying the number of activity days of each participant with fewer opportunities by the unit contribution applicable for the relevant host country, as specified in Annex IV of the Agreement. One travel day before the activity and one travel day following the activity, and up to four additional days for participants receiving a green travel grant may be included in the calculation. The calculation must exclude accompanying persons.
- (b) Triggering event: the event that conditions the entitlement to the grant is that the participant is a young person with fewer opportunities has actually undertaken the activity.
- (c) Supporting documents: proof of implementation of the additional measures and activities undertaken to promote social inclusion will be required, in the form of a description of these measures in the final report. Proof of attendance of the activity in the form of a declaration signed by the participant and the host organisation specifying: the name of the participant, the host organisation, the purpose of the activity, venue, starting and end dates. The National Agency may approve such a request based on this justification.

IV. FINAL REPORT

[For Solidarity Projects:

The final report will be assessed in conjunction with the participant reports, and it will be scored on a total of maximum 100 points. A common set of evaluation criteria will be used to measure the extent to which the project was implemented in line with Annex II of this Agreement. The beneficiary must submit the final report after the project end date or whenever the foreseen activities have been completed.]

[For Volunteering Projects:

The final report will be assessed in conjunction with the participant reports, and it will be scored on a total of maximum 100 points. A common set of evaluation criteria will be used to measure the extent to which the project was implemented in line with the targets defined in Annex II of this Agreement and the European Solidarity Corps quality standards.

The beneficiary must submit the final report after the project end date. Earlier submissions of the final report could be considered as a request for premature termination of the Grant Agreement and may result in a lower evaluation score.]

V. GRANT REDUCTION FOR POOR, PARTIAL OR LATE IMPLEMENTATION

Poor, partial or late implementation of the Project may be established by the NA on the basis of the final report submitted by the beneficiary (including reports from individual participants taking part in the activities).

In addition, the NA may also consider information received from any other relevant source, proving that the Project is not implemented in accordance with the contractual provisions. Other sources of information may include monitoring visits, Quality Label reports, desk checks or on-the-spot checks undertaken by the NA.

The final report will be assessed on the basis of quality criteria and scored on a total of maximum 100 points. If the final report scores below 50 points in total, the NA may reduce the final grant amount on the basis of poor, partial or late implementation of the action even if all activities reported were eligible and actually took place.

[For holders of Quality Label only: If the NA considers that the implementation of the Project does not respect the quality commitment undertaken by the beneficiary, the NA may in addition or alternatively initiate the observation procedure and require the beneficiary to develop and implement an action plan within an agreed timeframe to ensure respect of the applicable requirements. If the beneficiary does not implement the action plan in a satisfactory manner by the due date, the NA may suspend or withdraw the Quality Label.]

[For Volunteering Projects:

The final report will be assessed in conjunction with the reports from the participants, using a common set of quality criteria focusing on:

- The extent to which the action was implemented in line with the approved grant request application (type and number of activities, number of participants, policy priorities).
- The quality of the learning outcomes and the arrangements for the recognition/validation of the learning outcomes of participants

- The impact on the target groups, participants and participating organisation(s)
- The quality of the practical arrangements provided in support of the activity, in terms of preparation, monitoring and support to participants during their activity
- The extent to which the grant amounts due to participants were transferred to them in accordance with the contractual provisions set out in the agreement between the respective beneficiary and participant following the templates provided in Annex V of the Agreement.]

A grant reduction based on poor, partial or late implementation may be applied to the final amount of organisational support and may be of:

- 25% if the final report scores at least 40 points and below 50 points;
- 50% if the final report scores at least 25 points and below 40 points;
- 75% if the final report scores below 25 points.]

In addition, the NA may reduce the final grant amount for organisational support by up to 100% in case the final report evaluation, a monitoring visit or on-the-spot check shows that European Solidarity Corps quality standards have not been respected.]

[For Solidarity Projects:

The final report will be assessed in conjunction with the reports from the participants, using a common set of quality criteria focusing on:

- The extent to which the action was implemented in line with the approved grant application
 - The quality of the learning outcomes and the arrangements for the recognition/validation of the learning outcomes of participants
 - The impact on the target groups, community and participants.
- A grant reduction based on poor, partial or late implementation may be applied to the final amount of project management costs and may be of:
 - 25% if the final report scores at least 40 points and below 50 points;

- 50% if the final report scores at least 25 points and below 40 points;
- 75% if the final report scores below 25 points.]

VI. GRANT MODIFICATIONS

[For volunteering projects:

The total maximum grant amount indicated in Article I.3.1 may be increased with an amendment to the Grant Agreement as follows.

Up until the expiry of 12 months from the start of the project, the beneficiary may submit justified requests for additional funds for exceptional costs and inclusion support for participants if these additional needs cannot be covered with a transfer of funds within the existing grant amount without negatively affecting the delivery of targets specified in Annex II.

The National Agency will consider such requests if funds remain available for this purpose. In case a request for additional funds is approved, the National Agency shall assess if the amendment for additional funds must be made immediately, or at a later stage.

The National Agency shall make its assessment based on the pre-financing amount already available to the beneficiary, the amount of additional funds required, and the nature of the approved expenses. The National Agency shall issue the required amendment as a matter of urgency if it is necessary for the beneficiary to comply with rules on provision of inclusion support, as specified in the Special Conditions.

In all cases, the amendment shall be issued at the latest one month before the end of the project and no later than 15 months after the project start date.]

[For Solidarity Projects: Not applicable.]

VII. CHECKS OF GRANT BENEFICIARY AND PROVISION OF SUPPORTING DOCUMENTS

In accordance with Article II.27 of the Annex I of the Agreement, the beneficiary may be subject to checks and audits in relation to the Agreement. Checks and audits aim at verifying whether the beneficiary managed the grant in respect of the rules set out in the Agreement, in order to establish the final grant amount to which the beneficiary is entitled.

A final report check must be performed for all projects. In addition, the project may be subject to further desk check or on-the-spot check if the project Agreement is included in the NA sample required by the European Commission or if the NA has selected it for a targeted check based on its risk assessment.

For final report check and desk check, the beneficiary must supply to the NA physical or electronic copies of supporting documents specified in the section I.2, unless the NA makes a request for originals to be delivered. The NA must return original supporting documents to the beneficiary upon its analysis thereof. If the beneficiary is legally not authorised to send original documents for final report or desk checks, a copy of the supporting documents may be sent instead.

For any type of check the beneficiary may be requested by the NA to provide additional supporting documents or evidence that are typically required for another type of check, as specified in article II.27 of the General Conditions.

The different checks must include the following:

a) Final report check

The final report check is undertaken at final report stage at the NA premises in order to establish the final grant amount to which the beneficiary is entitled.

The beneficiary's final report to the National Agency must include the following information:

- Unit contributions consumed for budget categories:
 - Travel support
 - Organisational support
 - Project management costs
 - Inclusion support
 - Pocket money
 - Language learning support
 - Coaching costs
 - Preparatory visit

- Actual costs incurred for budget categories:
 - Exceptional costs

b) Desk check

Desk check is an in-depth check of supporting documents at the NA premises that may be conducted at or after the final report stage. Upon request, the beneficiary must submit to the National Agency the supporting documents for all budget categories.

c) On-the-spot checks

On-the-spot checks are performed by the NA at the premises of the beneficiary or at any other premises relevant for the execution of the Project. During on-the-spot checks, the beneficiary must make original supporting documentation for all budget categories available for review by the National Agency, and must enable the National Agency access to the recording of project expenses in the beneficiary's accounts.

On-the-spot checks can take the following forms:

- **On-the-spot check during project implementation:** this check is undertaken during the implementation of the Project in order for the National Agency to directly verify the reality and eligibility of all project activities and participants;
- **On-the-spot check after completion of the project:** this check is undertaken after the end of the Project and usually after the final report check.

In addition to providing all supporting documentation, the beneficiary must enable the National Agency access to the recording of project expense in the beneficiary accounts.

- **Systems check** *[Not Applicable for Solidarity Projects]*

The systems check is performed to establish the beneficiary's system for making its regular grant claims in the context of the programme as well as its compliance with the commitments undertaken as a result of the Quality Label. The systems check is performed to establish the beneficiary's compliance with the implementation standards committed to in the framework of the European Solidarity Corps. The beneficiary must enable the National Agency to verify the reality and eligibility of all project activities and participants by all documentary means, including video and photographic records of the activities undertaken, in order to rule out double funding or other irregularities.
